PROFILE

I work out what people need, then make sure it reaches them. Final-year Business Management student (major Marketing, minor Marketing Logistics), now a Marketing Intern on a B2B work placement in Brussels.

EXPERIENCE

Marketing Intern, Info Group Global, Brussels — Sep 2026 – Dec 2026
Work placement at a B2B company making customised apparel, workwear and uniforms for large companies.

- Helping build the company's new website for potential customers and large brands: structuring the content and part of the design, using Claude for research and building.
- Client project for KÖSE Cleaning: developed a winter employee gift concept, choosing the gift combinations, products and colours.
- Adapted the client's logo for embroidery, engraving and packaging, and made Christmas versions.
- Built the deck that the company's directors approved, and the final deck my manager presented to KÖSE Cleaning's board.

Kitchen staff (part-time), Hanoi Station, Brussels — Feb 2024 – present

- Monitor and report stock levels for 4 branches; keep safety stock so nothing runs out.

Service staff, Robata An (Japanese restaurant), Ho Chi Minh City · multilingual team, Japanese managers — Aug 2022 – Feb 2023

PROJECTS

Instagram campaign, Turkuaz restaurant · Student project, real client — Nov 2025 – Dec 2025

- Led a team of 4 students and handled all communication with the owner.
- Shot photos and video on our phones and designed the posts in Canva for a one-month campaign.
- Likes per post rose from 3–4 to 60–80; our best post reached 753 views.

Expansion strategy, Harriet Allure · Student consultancy project — Dec 2025

- Led a team of 4 students. Advised storage and stock first (affordable self-storage, better stock and inventory planning), then marketing planning and forecasting.
- Consolation prize from Alex Adu, co-founder of Harriet Allure.

Product launch, Puratos · Student competition (Project Week), top 3 team — 2024–25

- Our team developed Grainhaus by We'lbake, a healthy sprouted-grain pretzel for health-conscious students and busy office workers.
- My part: product research, target customers and the message. Launch plan through Instagram, in-store tastings and supermarkets.
